

#embrace THE new

KITCHEN | BEDROOM | INTERIOR | LIVING

We have a magic machine in front of us ,
which sucks carbon from the air
and locks it away.

It cost very little and builds itself...

TREES...natures solution to the climate break down

**we are
ignoring them.**

We take wood
out of your home decor,
to retain it where it belongs.

#ZEROWOOD

#embrace INNOVATION

Welcome to the world of Beth Living. Find out how our steel and stainless steel products shape interiors and influence lifestyle — by preserving and reinterpreting true values.

These true values are created keeping the future and generations in mind. Mutual respect for the nature and Eco-responsibility govern our designs. Life cycle and lifestyle are two great concern when it comes to design our stainless steel furniture. . we believe in giving back to nature by creating something less harmful and sustainable for the environment by infusing your home with no poisonous chemicals or adhesives. We accessories your home without cutting down thousands of trees that could hurt environment in the process.

HYGIENE

Beth Living's tried and tested raw materials with hot water and steam washable straight line solutions, can reduce the number of infections caused by hidden germ deposits. Our bacteria fighting active wellness furniture will increase the purity of your home environment and keep your loved one happy and healthy.

FIRE PROOF

Keeping your family safe from accidents and disasters is the top priority of our home furniture. And we definitely will not start the fire with our fire proof raw materials.

PEST FREE

With easy to clean surfaces, you can be rest assured that your hygienic home is protected from unwanted guests.

ECO FRIENDLY

It's easy being green and live guilt-free when no tree is down and no poisonous adhesives are used on your favourite furniture

WATER RESISTANCE

No spills are too moistened, our porous free furniture will give you a worry free life for generations

MULTI COLOUR

Our colours are designed to bring the life back to your home, so that every home finds its perfect match in decor

EASY INSTALLATION

The specially designed features and process reduce the time it takes to head start your life

LONG LIFE

Finest grade steels and craftsmanship are the right ingredients for quality and durability of a lifetime

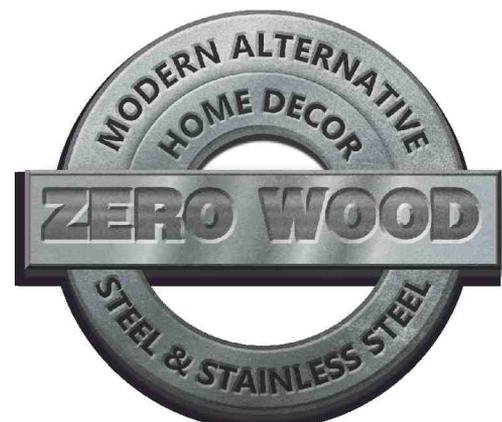

NOISE FREE

Meticulously crafted straight line with soft close designs will enhance your lifestyle, not creaky noises

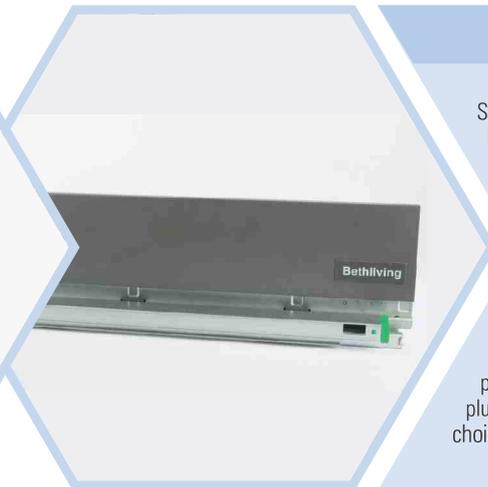

Our steel and stainless steel home furniture collection is a result of continuous innovation and dedication from a set of designers with manual diligence, technological accuracy and detailed eye for future ready interface. This enables us to Develop furniture that are absolutely water resistant, pest free, multi colour and very easy to install. With the help of our professionally trained work force, the specially designed process reduce the time it takes towards installation and lead time from factory while still allowing you to select many of the features available from our extensive possibilities. Be inspired. Our furniture collection will take you on a journey to both Timelessness and futuristic. Touch and enjoy this journey to the future.

#embrace COMPETENCE

Our Competence stems from the experience of thousands of our customers and our deep rooted culture of doing things hands-on. Our design capability is at the heart of it. Equipped with some of the best technologies and minds our design capability is unparalleled. Using a ready to use off the shelf component is an absolute no in our dictionary. We are one of the rare breed company to build this very important competence, to design and customize these fitments to match the specific need of our consumers.

Slim Boxes

Slim Boxes are the perfect partner to premium drawers they bring together beauty and engineering excellence. Bethliving Slim Boxes are the latest churned out at our design lab. As slim as 14 mm it packs in real engineering marvel in such confined space not just to provide you the best experience but also provides you an additional 12% space in your drawers as compared to the standard off the shelf fit all components. It comes standard with a quick snap function, which will help you remove the drawers with ease to facilitate cleaning in case they should be. When you buy a Bethliving product you just do not buy the best products, but you are plugging into our experience and expertise to make that choice perfect. In short you #embrace competence

Hinges

Bethliving Hinges makes your doors work like a breeze. But that is where it starts. Those who have used off-the-shelf hinges would have experienced hinge failures and maintenance troubles. Bethliving has Stainless Steel SS 304 hinges for the wet areas and kitchens. Bethliving hinges come with Stainless Steel SS 304 internal components even, with unparalleled endurance and tested to perform over a lakh operation cycles. Bethliving steel hinges are the perfect fit for the dry areas. A total product of our design studio and made to perfection for our habits.

Sliders

Good quality sliders are integral to the functioning of the kitchen. Bethliving Sliders are smooth and less noisy to start with. With 1.6 mm inner steel track they have the ability to take up to 45 kgs per pair it is much higher than any of the standard off the shelf sliders. This is perfectly designed to suit our buying patterns and storage habits. The sliders come equipped with a double spring soft closing mechanism. Truly it's all our experience packed in.

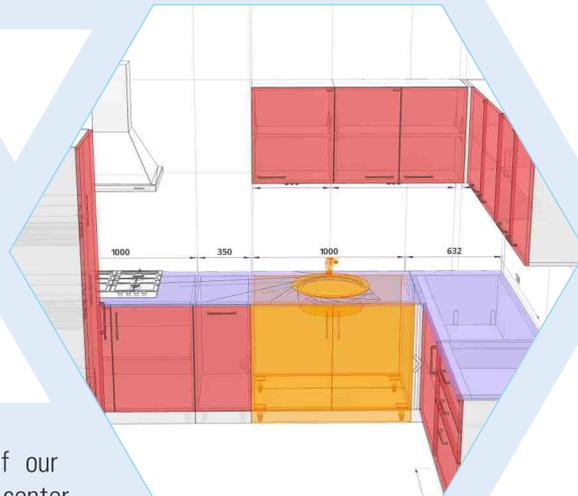

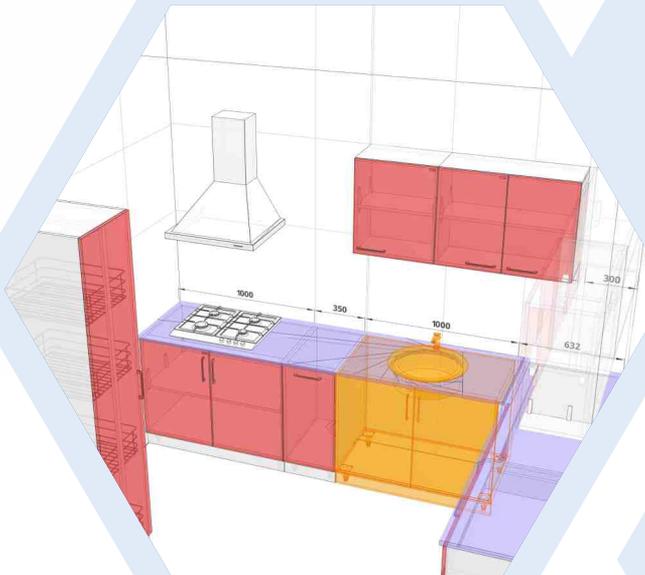

#embrace CUSTOMISATION

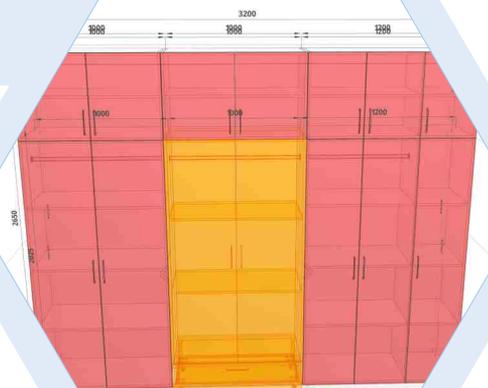

Fully fitted modules based product ecosystem, a product of our deep research and development program of consumer needs synced with some of the best manufacturing technologies and bound by our technology platforms has many product patent claims to its credit. Our technology platforms work in tandem to make sure your homes are unique to you, made off your unique choices and it reaches you seamlessly, keeping you informed all the way, through short messages and our app.

Explore from the thousands of functional modules from the Bethliving innovative fully fitted module family.

Walk into one of our Bethliving customer center, see for yourself how easy it is for you to bring your ideas to life using our unique 3d platform and even set the whole thing within your budget Place your trust in us through your business, you will experience the pleasure of doing so. Our CRM and manufacturing platforms will keep you posted of your project all the way through.
